

# Food Safety Peace of Mind

The toughest and most food safe reusable alternative to corrugated-wood base packaging. The Sæplast PE 750 offers many benefits for food safety peace of mind.

## Benefits:

- One piece rigid construction with a built in pallet base.
- Reusable and long lasting – multiple use.
- Safe stacking saves floor space.
- Safe for employees – no assembly required.
- Safe for the environment – no land fill cost.
