

Caldic Lecithin – A solution to a sticky problem

Caldic Lecithin
Industry Leading in Quality, Innovation and Technical Support

Caldic's Lecithin offering is the most diverse and highest in quality in the Industry

- Lecithin sources from Soy, Sunflower, Canola and Rapeseed
- Available in liquid and dry forms for ease of use and proper dispersion
- Reduced viscosity lecithin improves flow, addition accuracy, better dispersion and reduced waste
- Innovative dispensing systems allow for reduced in-house costs
- Global sourcing to offer your preferred country of origin

Caldic is uniquely positioned Globally to provide support to our customers:

- Quality driven to exceed your expectations in product and service
- Several manufacturing sights and over 44 locations to deliver globally
- Large team of scientists with fully equipped analytical labs to offer technical and on-site support
- Manufacturing site audited to SQF, Organic, non-GMO and Gluten-Free guidelines for guaranteed quality assurance

GFSI-SQF Level II | Kosher | Organic | Gluten-Free Facilities

Product Name	Source	Form	Active Content	Value Added
Lesoy Lecithin UNB	Soy	Liquid	62% min. acetone insolubles	Standard unbleached offering
Lesoy Lecithin SB	Soy	Liquid	62% min. acetone insolubles	Standard single bleached offering for better clarity and reduced colour
LeciPlus NGM Soy	Soy	Liquid	60% min. acetone insolubles	A soy lecithin that is NGM
Organic Soy Lecithin CS3000	Soy	Liquid	60% min. acetone insolubles	A soy lecithin that is organic
Lesoy Lecithin UFL-2000	Soy	Liquid	56-58% min. acetone insolubles	Reduced viscosity for easier addition with a viscosity of 3000cps max
Lesoy Rapeseed Lecithin	Rapeseed (canola)	Liquid	60% min. acetone insolubles	Rapeseed and canola are interchangeable and may be requested due to labeling need
Leci SF Sun Liquid Lecithin NGM	Sunflower	Liquid	62% min. acetone insolubles	Non Genetically Modified
LeciPlus SF Sunflower NGMPV	Sunflower	Liquid	60% min. acetone insolubles	Non GM Project Verified
Organic Sunflower Fluid Lecithin	Sunflower	Liquid	60% min. acetone insolubles	Organic, allergen free
Lesoy Sunflower Lecithin 2000	Sunflower	Liquid	56-58% min. acetone insolubles	Reduced viscosity for easier addition with a viscosity of 3000cps max
LeciSupreme 100-F Deoiled Powder	Soy	Powder	96.5% min. acetone insolubles	Standard dry soy lecithin
LeciSupreme Deoiled Granular	Soy	Granular	97% min. acetone insolubles	Standard dry soy lecithin
LeciSupreme SB IP Powder	Soy	Powder	97% min. acetone insolubles	Organic compliant, Identity Preserved
LeciSupreme SB IP Granules	Soy	Granules	97% min. acetone insolubles	Identity Preserved, NGM
LeciSupreme CA Powder	Canola	Powder	97% min. phospholipids, 20% min. phosphatidylcholine	Standard dry canola lecithin, allergen free
LeciSupreme SF Powder NT	Sunflower	Powder	96% min. acetone insolubles	Standard dry sunflower lecithin, allergen free, NGM
SerinAid 50P	Soy	Powder	50% min phosphatidylserine	Nutritional supplements (memory claims)
