

DAY-OLD CHICK TRAILER

VEIT 40 HEAVY DUTY

Capacity: 116K

Max Chick Quality

Fast Delivery

On-The-Road Support

In-House Parts Stock

Load capacity	115,200+ chicks
Cooling capacity	20 tons/compressor
Heating capacity	120,000 BTU/heater
Fan capacity	13,200 CFM
Outside temperature range	-25°F to 115°F
Power sources	3, including tractor option
Trip duration	up to 40 hours

Safe. Secure. Superior Chick Comfort

Tech-Driven Performance

High-Quality Air

Our scientifically refined 3D air circulation and CO₂-responsive ventilation systems work together to deliver fresh air to every chick and prevent lethal hot spots.

Generator-Free Power

Two powerful DEUTZ engines provide reliable 24V DC power and industry-leading fuel efficiency by removing the need for generators + the mechanical issues that come with them.

High-Capacity Cooling & Heating

Each high-performance DEUTZ engine powers a logistics-grade 20-ton cooling compressor while each diesel-fired heater produces 120,000 BTU of heat.

Absolute Safety

Multi-Redundancy Design

Three independent 24V DC power sources, doubled logistics-grade cooling and heating systems, along with in-cab and trailer-mounted environmental controls all ensure your chicks arrive comfortable and secure.

Biosecurity Made Easy

Smooth, corrosion-resistant surfaces and quick-release ceiling panels make it easier to provide a cleaner, safer environment for your chicks and allow for faster QA compliance checks.

Heavy-Duty Construction

Robust steel construction protects your investment by minimizing damage, prolonging the lifespan of the trailer while reducing costly repair-related downtime.

Unrivaled Results

Increase Chick Quality

- Improved livability
- Contributes to lower FCR
- Better welfare audits
- Improved grower relations

Protect Your Bottom Line

- Lower operating costs
- Longer trailer lifespan
- Fewer repairs
- Reduced downtime

Happier Drivers

- Easy operation
- Hassle-free cleaning
- Extensive individual training
- 24/7 on-the-road support

We're here to help you
deliver better chicks.
